Garland and McDonald Believed to he Slated-Other Names Freely Used for Cleveland's Counsellors. Amid the confusion of the counting of the electoral vote at the Capitol to-day a Carrie reporter heard a great deal of Cab-inet comment. There seems to be an Impression growing that Ohio will get one

of the places and that it may be Secretary of State for ex-Senator Thurman. It is stated positively by the friends of Senato Pendleton that he prefers to go as Minister to France to accepting a position in the Cabinet, and the friends of Senster Bayard eay that he does not want a Cabinet portfolio under any circumstances.

A Southern Senator told a Chiric man that there was no foundation whatever for the connection the name of Senator Lamar has been given to a Cabinet position; that he neither expects nor desires an honor of that character; and, furthermore, his name is not being used for the place in earnest. There are none so positive of a Cabinet place as the Indianians. They are as sure that ex Senator McDonald will be Secretary of the Treasury or Interior as that the 4th of March will come. Said Representative Lamb, of that State, to-day:

tive Lamb, of that State, to-day:

"We feel sure—positively certain—to-day that Senator McDonald will be Secretary of the Treasury. He is eminently fitted for the place, and the circumstances are all working in that direction for him."

"What about the reports that Mr. Hendeleks looks upon Mr. McDonald's aspirations unfavorably and will throw a web blanket upon them?"

"Nothing in them," replied Mr. Lamb, positively, "The Democrats of Indiana age solid for Mr. McDonald, and Mr. Hendricks therefore indorses him."

therefore indorses him."

It is stated that there is not the least objection to McDonald, and since it is conceded that the Treasury portfolio will likely go West, the Hoosiers have good ground indeed for claiming it for their distributional different supports.

A gentleman from the far West, who talked with Mr. Cleveland last week, told a CRITIC man that the President-elect inquired several times about the standing of Mr. Vilos, of Wisconsin, and remarked once or twice that he thought a great deal of him, and should ever feel grateful for the acts of kindness Mr. Vilos had shown him. The gentleman considered this remarkable, and seemed to think it might mean that Mr. Vilos would be tendered a Cobinet where

place.

While it is believed by everybody that either Counectious or New Jersey will be given a Cabinet position, no one can make a reasonable prediction as to who will be called. The statesmen are as much at soo on those localities as they are on New York, where names are seldom mentioned. The only men positively fixed upon so far in the only men positively fixed upon so far in the only men positively fixed upon so far in the only men positively fixed upon so far in the only men positively fixed upon so far in the public mind are Senator Garland, of Arkansas, for Attorney-General, and ex-Senator McDonald, of Indiana, for Secretary of the Treasury or Interior. The names of Mr. Money, of Mississippi, and Senator Jonas, of Louisiana, for Postmaster-General, are being handed about freely, as also that of Mr. Barhour, of Virolnia, but there is an indefiniteness about it all.

The complainant was Mr. Ralph Jefferson, the head of the examiner's room, in which Kennedy is employed.

Kennedy pleaded guilty to the charge. Mr. Jefferson stated that Kennedy came to his desk yesterday afternoon and charged him with unfairness in reporting technical errors in his work to Dr. McDonald, the chief of the division, that he would not report against other clerks. Witness characterized this statement as a lie and Kennedy struck him in the face. Several blows followed and two inkstands and a sponge cup were thrown by Kennedy, The first inkstand went through the window and came near hitting Officer Burns. The next struck the wall and glanced and

The defendant took the stand. His injuries consisted of a skinned nose. He stated that he accused Mr. Jefferson of making three reports against him to Dr. McDonald, and also charged that they were lies from leginning to end, and he was assaulted by Jefferson. The others then held him while Jefferson punched him.

In disposing of the case Judge Snell said good order must be observed in pubsaid good order must be observed in pub-lic buildings.
